Dear Michael:

Thanks for your sending me the information on the Standardized Patient Program.

I have reviewed all the material and feel that I could do the work. I understand that the (standardized) patient is there solely to test the doctor and that a bit of patience on the person "acting" as the patient is required.

I am a performer and this job was recommended to me by someone who has done it who saw me perform. It sounded interesting, and to be quite honest the flexibility as well as the money were enticements to my contacting your office.

Enclosed is my release form.

Thank you for your consideration.

Sincerely,

Peter Brown
